ENGINE RUNS INTO A "JOKER"

It Strikes a Car of Pig Iron, But Fails to Turn "The Stubbhorn Thing" Over.

BIG FOUR - J. M. & I. SMASH - UP

Tank of Engine Topped Over and Two Wrecking Crews Clear up Wreckage.

Usually when an engine runs into an ordinary box car the car doesn't have much chance, but a J. M. & I. engine ran into a joker today at the intersection of the Pennsylvania and the Lake Erie & Western tracks in this city. As a result a car of pig iron was left peacefully resting on the rails while the trucks were kicked out from under it. And more than that the "horrid engine" got all that was coming to it for the tank was turned over and the engine carries a few scars of the battle.

It was one of those periodic smash-ups which occur at the intersection of these two roads. A Big Four freight and a J. M. & I. freight were the principals in the one about noon, and it is pretty hard to tell which suffered the most.

According to the story told by witnesses the Big Four train had whistled for the crossing, which the J. M. & I. train held. The J. M. & I. train then backed up and witnesses say that the Big Four train then whistled and started ahead. But about five cars got over the Pennsylvania tracks when the J. M. & I. freight backed down again and smashed into the Big Four train. The engine struck a car of pig iron, but the car was not turned over. Instead the tank on the J. M. & I. engine wobbled and fell over. The trucks under the car of iron were badly damaged and the car settled down on the rails about as gracefully as an iron worker in a dress suit would sit down on one of those alleged chairs which usually sit near the piano.

This cut the rest of the cars loose and they ran down in front of the Big Four station before they were stopped. The track at the intersection was badly torn up and there were some minor damages to other cars in the smash-up. The J. M. & I. engine was pushing nine cars and the Big Four, ten.

Wrecking crews were ordered from Greensburg and Columbus and at four o'clock this afternoon had the mess about cleaned up. Several other smash-ups have occurred at this crossing and every time there is one, somebody predicts that there will be an interlocking system installed at once. Fortunately nobody was injured today.

FOR OVERFLOW MEETING

Provisions Made For Big Crowd at Y. M. C. C. Mass Meeting.

Citizens need not hesitate about attending the mass meeting of citizens announced for the assembly room of the court house at 7:30 p. m. Monday for fear that they will not be able to get in. Provisions will be made for an overflow meeting in case the room capacity should be inadequate. The meeting will open at 7:30 p. m. The lot sale will begin at Y. M. C. C. headquarters the next morning at 8 a. m.

FALLS OFF HIGH BUILDING

Mrs. Walter Thomas Receives Word of Brother's Injury.

Mrs. Walter Thomas of West Fourth street received word at noon today that her brother at Wabash had fallen off a high building and had been fatally injured. The telegram did not give any details of the accident. Mrs. Thomas left at noon for Wabash.

TIGERS WALLOP PITTSBURGERS

Detroit Takes the Second Game From the Pirates in a Big Walk Away.

MAMMOTH CROWD SEES FUN

Pirates 2 0 0 0 0 0 0 0 — 2
Tigers 0 2 3 0 2 0 0 0 — 7

There is rejoicing in the lair of the Tigers this afternoon for the Detroit Americans took the game from Pittsburgh by the score of 7 to 2.

Another mammoth crowd saw the contest this afternoon, and in the main it was a sorry crowd, too. The game was played on the Pittsburg grounds and there was heavy betting on today's contest and there had been some money placed that Pittsburg would win the series in four straight games. Each team now has one victory to its credit.

SECOND TEAM GOES DOWN TO A DEFEAT

First Team From Connersville High School Win From Local Lads.

VARSITY WILL PLAY SATURDAY

The second football team of the Rushville high school was defeated by the first team from the Connersville high school last evening at the South Main street grounds by the score of five to nothing. The game was interesting, but the visitors outweighed the local eleven and were better in the finer points of the game. The varsity could not play in the game because Connersville is not in the State High School Association, whose rules say that any team in the association can not compete with any school outside of the organization.

The first team will play the Richmond high school team at Richmond next Saturday. The athletes from the Quaker city have a strong aggregation and a hot game is anticipated. Three games are scheduled to be played here later in the season, including Anderson, Liberty and Richmond.

MASS MEETING!

Don't fail to be present promptly at the mass meeting in the interest of the factory movement, at the assembly room of the court house at 7:30 p. m. next Monday evening, October 11. The lot sale will begin at Y. M. C. C. headquarters at 8 a. m. Tuesday morning, October 12. No subscription for lots will be asked at the mass meeting. Bring some of your friends.

HOW ANOTHER CITY WON OUT

W. R. Payne Returns From Flint, Michigan, Which Has Increased Its Population 10,000

BY LOCATING A BIG FACTORY

People Are Clamoring For Houses and Many Are Now Living in Tents.

Having just returned from a business stay of about four months at Flint, Mich., W. R. Payne, city engineer, stated some facts yesterday afternoon at Y. M. C. C. headquarters as to what had been accomplished at Flint, through the success of a lot sale there and the consequent location of the Buick automobile factory. Two years ago Flint was only a little larger than Rushville, he says. It has increased about 10,000.

The lots which were bought by citizens in the addition to get the factory have become worth three and four times what was paid for them. Five-room houses are renting for \$30 a month and many people are living in tents unable to get houses. Everybody wants work can get it readily and common laborers receive \$2.25 a day. Merchants and everybody else seem to be flourishing. Flint had two railroads and an electric line when the lot sale was held. Another railroad is being built. Unlike the country around Rushville, the farming country around Flint is poor.

The Buick factory now turns out one automobile a minute and is erecting two new buildings each 100x500 feet to enlarge capacity, equipment and force to meet the increasing demand. Mr. Payne was also at Saginaw and heard the people there regretting that when they had an opportunity to get the Buick factory they failed to act. Mr. Payne is a zealous advocate of the Y. M. C. C. cause.

MRS. JUNE MILLER CLAIMED BY DEATH

Former Rushville Woman Died This Morning at Her Home in Indianapolis.

FUNERAL TO BE IN THIS CITY

Mrs. June Miller, wife of Albert Miller, formerly of this city, died this morning at her home in Indianapolis at ten o'clock. She had been suffering with cancer for many months and her death had been expected for the last week. She is survived by her husband, one son, Carl, a sister, Miss Ruth Ford, and a step-mother.

Mrs. Miller was well known in this city and spent much of her life here. She was the daughter of Dr. Ford, who was pastor of St. Paul's M. E. church for several years, and she was the organist at the church for several years. The body will be brought here tomorrow for burial and taken to the home of James Anderson in West Fifth street. Friends may call after three o'clock tomorrow afternoon and until 11 o'clock Monday.

The funeral services will probably be held at St. Paul's M. E. church Monday afternoon and burial will be at East Hill cemetery.

Greece is a large consumer of edible oil. Her population of about 2,500,000 uses annually 20,000 to 25,000 tons of oil, or eight to ten kilos per capita.

STRONG MEN ARE OUT FOR COUNCIL

Republicans Name George F. Moore, Thomas Geraghty, Sr., and Alvah Newhouse From Three Wards.

DELEGATES ALSO SELECTED

And the Candidates Are Busy Today With Good G. O. P. Handshake And Smile.

It's off with a rush and the Republicans have nominated their councilmen from the three wards. The separate meetings of the wards last night were well attended and the way the men got into the game indicates that the good old kind of Republican enthusiasm will be there with its usual results when election day comes around. Three councilmen were nominated last night and the two councilmen-at-large will be selected at the city convention to be held in the assembly room at the court house next Tuesday evening at 7:30 o'clock. The councilmen named last night are: First ward—George F. Moore. Second ward—Thomas Geraghty, Sr.

Third ward—Alvah Newhouse. The First ward got down to business early and nominated Birney D. Spradling, precinct committeeman, as permanent chairman of the meeting. George Osborne was chosen as secretary. The nomination of Mr. Moore was made by acclamation and the general opinion of the voters present last night was that he would make a strong fight and be the next councilman from the First ward.

In the Second ward, J. Q. Thomas was selected as chairman, and R. F. Scudder as secretary. Thomas Geraghty, Sr., one of the best known men in the city was nominated for council in this ward by acclamation.

The big ward of the city, the Third, held its meeting in the assembly room and elected John F. Moses chairman of the meeting and A. E. Martin, secretary. As usual the third had more than its share of candidates and there was considerable friendly rivalry in the nomination of a councilman. Three strong men were placed before the meeting and on the vote, Alvah Newhouse was nominated. He received 29 votes. Homer Powell, 26, and Robert Kennedy, 20. Mr. Newhouse is a good business man and there is little doubt that he will represent the Third ward in the next administration.

The usual methods of selecting the delegates were used and there was no chance of and candidate "fixing things." Each man placed his own name or somebody else's in a hat and then the tellers drew them, the first ones being delegates and the second, alternates.

The candidates just took a day off and the regular handshake was much in evidence in the streets.

"Well, I see you're a delegate. I'm a candidate for clerk and I'll be glad of anything you can do for me," is what most delegates heard today. And they were perfectly sincere about it, too, for the men who were selected

BIG MINSTREL HIT.

Have you ever heard it? If you haven't you will. The Daily Republican today publishes the song "I've Sweethearts in Ev'ry Port," the big hit in Lew Dockstader's Minstrels, as given by Carroll Johnstone. It's a good one and the Republican is glad to be able to reprint the song. Try it. Earl Robertson will sing it at the Star-Grand theater tonight.

GETTING INTO CONDITION

High School and Picked Team Have Practice Game.

Will Brann's picked eleven and the high school football team battled at the South Main street grounds this afternoon. The local athletes are putting in all the licks possible to get in shape for their coming contests.

SPARKS WAS BRIGHT AND SHINING STAR

Made Only Three Touchdowns of the Game in Contest Between Butler and Franklin.

IN FULL-BACK'S POSITION

Ben Sparks, the local young man who has made good on the Butler college football team, was the individual bright and shining star in the game with Franklin college at Franklin yesterday afternoon. He held down the full-back's position although he has been practicing at almost every place on the team, and scored three touchdowns, the only ones made in the game. Sparks is conceded to be one of the best all-around athletes who ever graduated from the local high school and much is expected of his in college athletics. Stiffler, who played on the Butler team last season, was not in the game yesterday.

HOW DOES THIS SOUND TO YOU?

Make Y. M. C. C. Headquarters Permanent and Arrange Rest and Reading Rooms.

A CONVENIENCE FOR FARMERS

A proposition to make permanent and enlarge the exhibit in Y. M. C. C. headquarters and add rest rooms, reading rooms, lavatories, etc., for the convenience of farmers and their families who come to Rushville and for citizens generally, is meeting with universal approval among the members so far. Doing this will be dependent, of course, upon whether the lot sale which begins next Tuesday, following the mass meeting Monday evening at the court house, is a success or not. If it should not be—but nobody seems to think it will be a failure—the discouragement would be so great that the matter would be dropped. The proposal came from Chas. H. Wolf, photographer, who was one of the first to place a handsome exhibit. This course was followed at Brazil after the success of the lot sale there to get factories. It is felt that in cold weather this would be especially appreciated by farmers' families.

AILEEN WILSON FAILED

Aileen Wilson, the Rush county mare, failed to win in the two minute pace at Lexington, Ky., yesterday. The Eel won in straight heats, Baron Whips finishing second in the summary, and Aileen, the only other horse in the race, last. She was erratic and broke in the stretch in both heats.

NEXT TERM IS TO BE A BIG ONE

Over Sixty Cases On Docket For Court Which Begins November Fifteenth.

LACK OF DIVORCE SUITS

Bootlegger to be Tried, Also the Men Charged With Allowing Minors to Play Pool.

There are over sixty cases set for trial on the court docket for November term which begins November 15. All of the State cases are set for trial the first week of court and include the three men recently indicted by the grand jury for allowing minors to play pool.

Among the other cases in which the State is involved the most important is probably the one against Buckner, the colored man who was indicted by the grand jury in their last session on the charge of assault and battery with intent to kill. Another which will attract considerable interest is the case against Frank Risk on the charge of bootlegging.

Another feature which is made noticeable by its absence is the lack of divorce suits on the docket. Among the large number of suits for the coming term not one for divorce is to be found, while last term was flooded with them, the number exceeding twenty.

The docket for the November term is as follows:

Nov. 15.—Calling docket. May vs. Ward.

Nov. 16.—State vs. Porter; State vs. Porter; State vs. Porter.

Nov. 17.—State vs. Risk; State vs. Rogers, Schobain and Schobain. State vs. Headlee.

DESPERATE BATTLE

Pirates Worsted by French Troops in Cochinchina.

Saigon, French Cochinchina, Oct. 9.—A severe fight occurred on Oct. 5 between a column of French troops and a band of pirates under the command of a chief named Detham. The pirates were put to flight, Detham was wounded and eight pirates were killed. The French troops lost seven Europeans killed and twenty-two wounded, including one officer, while twenty-two native French troopers also were wounded.

HEARST IS WILLING TO RUN FOR MAYOR

His Desire Is Simply to Supplant Bannard.

New York, Oct. 9.—At an early hour this morning, after two days of silence, William Randolph Hearst announced to a crowd of waiting constituents that he would accept an independent nomination for mayor of New York provided that his associates on the city and county tickets be substantially Republican-fusion nominees.

TERSE TELEGRAMS

The International Peace Conference is in session at Brussels.

Troy is entertaining the Hudson-Fulton celebrators today, the last of the two-weeks' celebration.

Billy Papke, the Illinois Thunderbolt, easily defeated Willie Lewis, the New York fighter, in a go at Pittsburgh.

Secretary Hester's statement of the world's visible supply of cotton shows an increase for the week just closed of 305,286.

A drouth which has extended over a large part of the southwest for the last two months has been broken by a heavy rain.

From every large business center throughout the country come reports of progressive improvement in trade, says Dun's review.

The government crop report failed to affect the Chicago wheat market to any great extent, but caused a bulge of nearly 2 cents in corn prices.

Following attempts by white mill operatives at Tom Ball, Tex., to frighten into flight the local negro operatives, a race war is threatened.

An exposition commemorating Perry's victory will be held at Put-In Bay, O., from July 4, 1913, to Sept. 10, the anniversary of Perry's victory.

Samuel Gompers, president of the American Federation of Labor, who has been in Europe studying continental labor conditions and problems, has returned to the United States.

COST OF THE CANAL ROUNDLY FIGURED

Col. Goethals Has It Estimated at \$375,000,000.

Washington, Oct. 9.—The secretary of war has received from the Panama canal commission an estimate of appropriations aggregating \$48,063,524 for work on the canal during the fiscal year beginning July 1, 1910. Of the amount asked for \$15,044,036 is for skilled and unskilled labor and \$20,218,983 is for materials and supplies used in construction work.

The total appropriations made by congress up to this time on account of the canal are \$210,070,468. Colonel Goethals, the chairman and the chief engineer of the commission, has declared it to be his opinion that the great waterway will be completed by Jan. 1, 1915, and has estimated the total cost at \$375,000,000, which, however, includes the cost of sanitation and civil government and the \$50,000,000 purchase price.

The unusually large amount asked for the new fiscal year probably is due to the fact that work on the waterway has entered a more advanced stage.

BRUTAL ATTACK

An Illinois Woman Probably Fatally Injured by Crazy Negro.

Danville, Ill., Oct. 9.—An unknown negro, crazed with opium, entered the residence of Mrs. Alice White in East Madison street, knocked her unconscious and jumped on her prostrate body until he had broken one of her legs and inflicted injuries which will probably prove fatal. He then robbed her of a small amount of money and made his escape.

The negro followed Mrs. White for several squares and then forced his way into her home and demanded that she accompany him to an opium den. She screamed and he then knocked her senseless, jumped on her prostrate body, took her purse and fled. The police are searching for him.

HELD THE WIDOW

Later Development in Alleged Murder Compact at Terre Haute.

Terre Haute, Ind., Oct. 9.—The murder of Ralph Conover, as a result of an alleged compact between his eighteen-year-old son Ralph and George Greenleaf, aged twenty, to kill the senior Conover, has resulted in the arrest of the widow as an accessory before the fact. The two youths have told how they had been waiting for two weeks to kill the father, and they said enough to cause Mrs. Conover to be taken into custody.

Killed by Falling Derrick.

Vincennes, Ind., Oct. 9.—Joseph Oray was killed and Jesse Bonhomme was fatally injured at the straw yards of the Empire paper mill. The men had just finished building a forty-foot high rick of straw and were coming down the rope of the derrick, from which they had removed the anchors, when the derrick fell upon them.

The P-Mary Not Popular.

Belleville, Ill., Oct. 9.—At the convention of the Illinois Supervisors, Commissioners and County Clerks' association here, a resolution introduced by a delegate from LaSalle county requesting the Illinois legislature to pass a primary election law which will be cheap and constitutional was tabled by practically a unanimous vote.

The Lead Goes to the Cubs.

Chicago, Oct. 9.—Opportune hitting coupled with errors and loose playing by the Chicago American League team gave the National League players the first game of the series for the city championship here, by the score of 4 to 0.

OTTO T. BANNARD.

as already selected. "The candidates nominated on the fusion ticket are worthy of support," says Mr. Hearst. "The ticket is already in the field. If we nominate another ticket, both tickets may be defeated. If we nominate the fusion ticket, Tammany will be defeated. And if Tammany is defeated the citizens will win."

Mr. Hearst goes on to say that he thinks his chances for election would be better on a straight independent ticket, but that he was not considering his personal chances alone, but rather of the city at large. In other words, he wishes the endorsement of the independents to enable him to head a ticket simply by displacing Otto T. Bannard, who has been nominated by the regular Republican party and endorsed by the so-called fusionists. In his statement Mr. Hearst repudiates his endorsement of Justice William J. Gaynor, the Democratic nominee, whom he announced several days ago he would support.

FAVORABLE REPORTS

Nearly All Lines of Trade and Industry Showing Well.

New York, Oct. 9.—"Favorable reports are the rule in nearly all lines of trade and industry," says Bradstreet's weekly review of trade today. "With conservatism, bred by high prices of raw and manufactured products, and full order-books of manufacturers, the only apparent bars to an even wider distribution in most wholesale lines. Wholesale trade in staple lines is good beyond question, even the south, which faces a short yield of cotton, showing a better and more cheerful tone because of the high price offered for its leading staple at a period of nearly record crop movement. In the leading industries fuller order-books are the rule. Iron and steel are active, pig-iron production is at a record maximum and the railroads are buying rails, material and rolling stock freely."

REDUCING EXPENSES

Chicago Recognizes Need of Cutting Down the Salary List.

Chicago, Oct. 9.—A cut of 10 per cent in salaries of all officials and employees of this city, from Mayor Busse's \$18,000 down to the lowest laborer, has been agreed upon by the mayor and department heads for the next year. This drastic measure was made necessary by the simple fact that Chicago has not money enough to maintain the payroll at its normal level. The payroll last year approximated \$15,000,000. The cut before becoming effective must be sanctioned by the city council, where a big fight against it is expected. According to Controller Wilson, however, there is no other way of piloting the administration through its financial troubles.

Business failures for the week were 203, against 195 last week and 256 in the like week of 1908.

Women's Secrets

There is one man in the United States who has perhaps heard more women's secrets than any other man or woman in the country. These secrets are not secrets of guilt or shame, but the secrets of suffering, and they have been confided to Dr. R. V. Pierce in the hope and expectation of advice and help. That few of these women have been disappointed in their expectations is proved by the fact that ninety-eight per cent. of all women treated by Dr. Pierce have been absolutely and altogether cured. Such a record would be remarkable if the cases treated were numbered by hundreds only. But when that record applies to the treatment of more than half-a-million women, in a practice of over 40 years, it is phenomenal, and entitles Dr. Pierce to the gratitude accorded him by women, as the first of specialists in the treatment of women's diseases.

Every sick woman may consult Dr. Pierce by letter, absolutely without charge. All replies are mailed, sealed in perfectly plain envelopes, without any printing or advertising whatever, upon them. Write without fear as without fee, to World's Dispensary Medical Association, Dr. R. V. Pierce, Pres., Buffalo, N. Y.

BURNED TO DEATH

Four Victims of Incendiary Fire at Nashville.

Nashville, Tenn., Oct. 9.—In a fire which destroyed a brick dwelling house here, four persons were burned to death. Several others were rescued after narrow escapes from the flames. Two negroes were arrested on suspicion in connection with the origin of the fire.

The dead are: Mrs. Dora Fishman, aged twenty-four, wife of Moses Fishman, burned to death; Rosie Fishman, aged fourteen years, suffocated; Rachel Markeson, aged sixteen, suffocated; Mrs. Rosie A. Fishman, aged about fifty years, burned to death. Moses Fishman was perhaps fatally burned. The fire broke out while the inmates were asleep.

So great a headway had it gained when discovered and so intense was the excitement caused by the horrified screams of women and the appeals for help of those in danger that no organized attempt at rescue was made for some minutes after the four fire companies had arrived on the scene. Desperate efforts to enter the Fishman apartment were frustrated by the flames bursting from the windows. Three members of the family were burned or suffocated, and with them perished Rachel Markeson, who lived in the same apartment.

Passengers Got a Shaking Up.

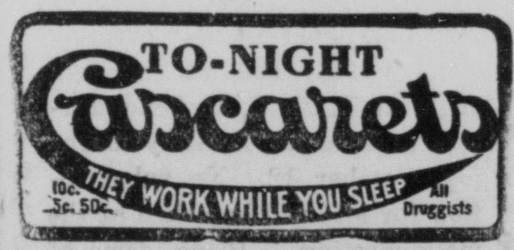

Knoxville, Tenn., Oct. 9.—Three coaches of a passenger train on the Tennessee & North Carolina railroad left the rails at a point ten miles south of Maryville and rolled down an embankment, seriously injuring two and bruising all of the remaining twenty passengers, more or less.

BETTER THAN SPANKING

Spanking does not cure children of bed-wetting. There is a constitutional cause for this trouble. Mrs. M. Summers, Box W. Notre Dame, Ind., will send free to any mother her successful home treatment, with full instructions. Send no money, but write her today if your children trouble you in this way. Don't blame the child, the chances are it can't help it. This treatment also cures adults and aged people troubled with urine difficulties by day or night.

September Was Cold One

Last month was the coldest September since 1896. The average high temperature for the month was 75.2 degrees, while the average low temperature was 62.6 degrees. The maximum was reached on the 13th and 14th, when the mercury soared to the 90 mark. The liquid in the little glass tube, however, dropped to two degrees below the freezing point, the minimum temperature, on the 28th of the month, and a very heavy frost, in which a number of fruit trees were killed, was experienced. A heavy frost of this nature is an unusual thing for September.

The rainfall for last month was decidedly below the average. But 1.24 of an inch of precipitation was recorded, the average being 3.50 of an inch. The greatest amount of rain fell on the third of September when .50 of an inch was reported. There were nine clear days during the month, seven cloudy and fourteen partly cloudy days.

Eczema Readily Cured by a Simple Home Treatment.

A simple clean remedy that can be used in the home is what every person desires who is suffering from eczema. You can now have that remedy and get instant relief, and be cured permanently by ZEMO, a clean vegetable liquid for external use. ZEMO cures skin diseases by drawing the germs and their poisons, that cause the disease, to the surface of the skin and destroying them, leaving the skin and healthy. Mr. F. E. Wolcott, the druggist, will give you a booklet and a sample bottle of ZEMO and will explain to you how a great many cases of eczema and other forms of skin diseases have been cured by this simple home treatment.

AMUSEMENTS

The Palace will show a complete change of program tonight with a new picture and a new song.

An entire change of program will be shown tonight at the Vaudet with a new film and a new song-hit.

The Star-Grand offers two subjects tonight. The first is "Elastic Transformation." It is a hand colored trick picture, and in it are shown some wonderful transformations which are so cleverly enacted that they leave the spectators spellbound. The second picture is a comedy entitled "Two Lovers and a Coquette." As the title would indicate, there are many funny and comical situations. Earl Robinson will sing "Trading Hearts" also the Republican song hit "I've Sweethearts in Every Port."

Another View of Mail Order House

The Local Merchant's Relation to All Public Enterprises in City

A Missouri physician in answer to the request of a Chicago mail order house that he state any reason he had for not buying of them said some things worthy of consideration. He said he could not ask merchants of the town for their support if he did not give them his; that he got no business from any of the mail order officials; that he failed to hear of any support being rendered in the community by any one of the officials to any public-spirited enterprise in the community or to any work of charity; that he did not find the name of the mail order company upon the tax duplicate nor any record of that company paying any license to do business in competition with the home merchants.

An exchange mentions the fact that a mail order house is selling a good many stoves in the community, but that this is not surprising inasmuch as the mail order house is sending out literature and would advertise in the local newspapers if the local newspapers would insert their ads, which they will not do, and then mentions the fact that not a hardware dealer in the town is making any invitation to the people to trade with them by using printers' ink.

Putting these two stories together, the conclusion will be inevitable that the physician stated what the mail order people do under the assumption that the home people, home merchants, etc., were doing their duty.

In a public-spirited enterprise such as a movement to get factories and to make a success of a lot sale in order to get them it is naturally assumed that the people engaged in mercantile enterprises in order to claim the benefits of such arguments as those made by the Missouri doctor will show their practical interest and support such a movement as that of the Y. M. C. C. enterprises. Other-

wise the argument that they are helping and supporting the community when the mail order house does not do so will fail in its conclusions.

"No man liveth to himself alone." The relationships of modern life are complex in their ramifications. It is not merely a matter of buying and selling merchandise or labor. A merchant whose interest in his customer ceases immediately upon receiving the cash for his goods or in the collection of his bill, is not more serviceable than the mechanic whose only interest in his employer is in getting his wages or the clerk whose devotion goes no further than in receiving his salary. The experience of patrons is a testimonial to this fact.

All citizens of a community whose blood is yet circulating, are naturally interested in the welfare of that community. Privileges entail responsibilities. The interests of the people of all classes therein are interwoven. Each individual is largely the result of his environment. Living in an active community, he naturally becomes much alive. Henceforth if he remains only a roomtaker, his fellow citizens will soon relegate him to the refuse pile or scrap heap. If so much alive that he is a great exception and feels lonesome that the community does not advance with him, he soon finds kindred spirits in a more progressive community.

So many towns and cities have caught the contagion of progress that it is a poor town, indeed, nowadays, that does not make some effort to keep up with the procession. Industrial promotion and municipal advancement are new subjects. They constitute a new science and a new art. There are no topics that appeal more strongly than these to the active minds of people who are keeping in touch with the world's marvelous progress. There is a growing recognition of the value at all times of enterprise, diligence and fairness in such work.

GORDON PRINCE BREAKS RECORD

Goes Three Heats in 2:06½, 2:06½ and 2:05¼ Over the Riverside Track Here.

HARRIE JONES NOW OWNS HIM

The good pacer, Gordon Prince, Jr., 2:07¼ went the three fastest miles ever paced by a horse over the mile course at Riverside Park Thursday. After being warmed up a couple of heats, Harrie Jones, his driver, let him step his next three heats in the presence of several admirers of the horse, in 2:06½, 2:06½ and 2:05¼, the last half in 1:02¼, last quarter in 30½ seconds. This will be the last fast work the horse will get, as Jones does not want to mark him any lower this season, but will keep him eligible to the 2:08 classes for 1910, and stake him extensively.

This horse gave great promise the past season, but was taken sick at Detroit, Mich., July 26, and thrown out of training. Later he was taken with a relapse and laid up until September 12, when work began again, the result of which prompted Mr. Jones to buy the horse, which adds to Rush county's horse interests one of the highest classed pacers in the world. The price has not been made public, but it is up in the thousands.

HOLDS OFF POSSE

Willie Boy in a Desert Oasis Defies Deputy Sheriffs.

San Bernardino, Cal., Oct. 9.—Willie Boy, the fugitive Indian who killed his sweetheart when she could no longer keep up in their flight after slaying her father, has engaged Sheriff Ralph's posse in a rifle battle at an isolated place on the desert known as Mosquito Wells. Charles Roche, a deputy sheriff of Banning, was wounded. Willie Boy dropped three of the deputies' horses with a rain of bullets that drove the men to cover. The sheriff's men had small chance against the well-intrenched desperado.

LOOKS GOOD FOR AUTOMOBILE RACES

Stock Cars Will be of More Interest Here Than the Regular Racing Machines.

THE ENTRIES STILL COMING IN

With entries coming in every day fair ground promise to eclipse all the auto races on October 14 at the previous contests of the kind in this section.

The prospective auto purchaser of today is not interested in a special built racing car's performance, but wants to see the good points of the stock car in the way of speed endurance and reliability. Such international events as the Vanderbilt cup Savannah grand prize and Brighton Beach 24-hour races are now all run with stock cars the same as are offered the public today in their respective sales rooms and in view of these facts the manufacturers and dealers who have entered the Rushville races are doing so with the intention of putting their goods before the people of Rush county, each to represent its deductive features and incidentally show the marked advancement in this industry.

Mr. Cole, of the Cole Motor Car company of Indianapolis, will send a couple of cars from the factory to participate.

Roy Privett of Greensburg will be here with an Oakland car, and is negotiating with the Buick company at Indianapolis also to obtain the 1910 Buick.

val chaps straightforward, decent
young fellows, and I'd hate to believe
otherwise. However, we'll watch him
and see. Come to me if you get any-
thing on him, but you know I will not
stand for mere rumors and suspi-
cions."

He stopped abruptly, for the door
opened and the man of whom they
were speaking, with Frances, came in.
The quick eye of the girl caught her
father's angry mood.

"What's the matter, dad?" she asked.
The old man turned to her, with a
smile.

"Nothing at all, little one, except
Edward's been saying some things
that interest me greatly, and to show
him what I think I'm going to ask him
to come to the study and continue the
conversation. I'll leave you to enter-
tain Lieutenant Sommers if you'll ex-
cuse me."

"Mr. Sommers was just going," said
Frances.
"Yes," broke in Sommers, "that bad
time when I must say good night has
arrived."

"How much longer will you be in
Pittsburg, Mr. Sommers?" asked Du-
rant.

"Only until my gun is forged," re-
plied the Lieutenant.

Pinckney looked up in surprise.
"Oh, then you intend to remain to
see the forging of the gun yourself?"

Sommers smiled at him.
"Is that surprising? I'm somewhat
interested, you know."

"We're glad to have you, of course,
Mr. Sommers," spoke up Durant. "Ev-
erything is at your service. Good
night, sir."

The steel man shook hands and,
turning, started to his study. Pinck-
ney remained a moment behind.

"Of course," he began rather cau-
tiously, "we are glad to have you, as
Mr. Durant says, Mr. Sommers, but
with your gun so well under way I
don't see how you can possibly be of
any help to us."

Just a slight hardening of his tone
made Pinckney's speech mean only
too plainly, "There's no use in your
staying, because we don't want you."
But the naval man overlooked entirely
the implication. Instead of taking of-
fense he smiled courteously.

"I had no idea of being of any help.
Mr. Pinckney. I only want to be on
hand when the tempering is done."

"You mean at the work in the fur-
nace room?" gasped the manager.
Sommers smiled.

"That's it exactly."
Pinckney was beginning to lose his
temper.

"May I ask why?" he said sharply.
Sommers continued to smile.

"Only to be sure it is properly done,"
he explained.

Frances was standing by, watching the
men and in her mind comparing them.
She saw Pinckney, big, aggressive,
strong, an iron man, used to overriding
all who opposed him, now matched
and held by this quiet, smiling man,
whose coolness and evident pliant
strength reminded her more than any-
thing else of the finest tempered steel,
tough, elastic, unbreakable, that out-
lasts iron every time. Now Pinckney
was losing more of his temper.

"Have you any idea we are not com-
petent enough to handle this job?" he
demanded.

Sommers still smiled.
"Oh, no, of course not, only I pre-
fer to see for myself, that's all. Ah!"

He turned to see Mrs. Durant, who
had entered. "Mrs. Durant, I fear I
must say good night, much as I hate
to. Thank you for a splendid evening."

Mrs. Durant shook hands cordially.
"Good night, Mr. Sommers. I hope
you'll come up often while you're in
town."

Sommers bowed.
"Thank you. You may be sure I'll
come as often as I dare," he said.

Then he turned and held out his hand
to Frances.

"Good night, Miss Durant."
The girl shook her head.

"I'm going to see you out," she said.
He smiled gratefully.

"Thanks."

Next he turned to Pinckney.
"Good night, Mr. Pinckney. What
time will that gun be in?"

Pinckney hesitated a moment.
"Two o'clock sharp. Good night."

Sommers bowed, turned and follow-
ed Frances out into the hall, leaving
the girl's mother and Pinckney stand-
ing in the doorway staring at each
other.

CHAPTER VI.

"I LOVE YOU."

THE door closed, and Pinckney
turned to Mrs. Durant.
"Did you see that?" he ex-
claimed. "She's going to the
door with him—going right out there
with him. I never saw anything like
it in my life."

Frances' mother smiled indulgently.
"Well, what if she is?" she said.
"For goodness' sake, Edward, let the
child be polite."

Pinckney was losing all vestige of
caution and self control.

"She's in love with him. I tell you,
she's in love with him."

Mrs. Durant smiled.
"Frances in love with Mr. Sommers!
Why, Edward, you're ridiculous."

The man was walking up and down
the floor excitedly. Now he stopped in
front of her.

"Ridiculous nothing!" he exclaimed.
"You won't say it's ridiculous when
this penniless adventurer carries her
off right under your eyes. I tell you, it
isn't safe. He's not the kind of man
to be with Frances. I should have
protested before. I'm sorry I didn't. I
tell you, Mrs. Durant, it makes my
blood boil to see it. I can't stand it. I
won't stand it."

"Edward!" Mrs. Durant was not
smiling now. Her face was stern,
grim, almost like her husband's. "Do
you realize what you're saying?" she
demanded sternly. "It isn't for you to
criticise what Frances does one way
or another. I will attend to that. Her
father and I have charge of her and
no one else. For you to make any such
speech is presumptuous."

Pinckney bowed, rebuked.
"I'm sorry," he said. "I suppose I
was presumptuous, but"—his voice
broke with real feeling, a feeling of
fear and disappointed ambition that
Mrs. Durant mistook for love—"it is
hard after the dreams I've had and
the plans we've made. I tell you, it's
a fearful thing to stand by and see
you and Mr. Durant calmly helping
this sailor to win her."

Mrs. Durant smiled appealingly.
"Now, now, Edward," she said.
"You take it too seriously. You know
that George and I have no idea of
helping him to win her. If any one is
helping him you are the one."

Pinckney looked at her amazed.
"I?" he exclaimed.

Frances' mother nodded.
"Exactly," she said. "You are help-
ing him by your very apparent jeal-
ousy. There is nothing that will spur
a girl to be particularly nice to one
man so much as a knowledge that
some one she cares for is seeing and
writings."

Pinckney opened his eyes. Like
many another schemer, he had de-
voted all his time to circumventing
men, and he really knew compara-
tively little about women.

"But she hasn't seen that I notice
it," he protested. "She's been too
busy with him to notice anything."

The mother laughed out loud at his
bitter tone.

"Nonsense, Edward. Mr. Sommers
is a nice young man, and I don't
blame her for enjoying his visits.
Goodness knows, nice young men are
not so plentiful in Pittsburg."

Pinckney looked at her reproachfully.
"I thought you at least were on my
side," he complained. "I didn't ex-
pect you'd be against me."

He sat down in a big chair and
stared gloomily at the fire. Mrs. Du-
rant came over to rest one hand af-
fectionately on his shoulder.

"I am on your side, Edward," she
said seriously. "You know that. You
know perfectly well that her father
and I both hope with all our hearts
that some day we shall see you two
married."

He turned eagerly and, reaching up,
caught her hand.

"Then why don't you speak to her
of it?" he exclaimed. "Let her under-
stand your wishes."

The woman looked down on him
with a pitying smile.

"You poor boy!" she said. "You
must be desperate. You want me to
propose for you. Well, if George Du-
rant had come to my mother"—She
ended with a nod almost savage.

"Perhaps he did for all you know,"
exclaimed Pinckney.

"No, he didn't. She was dead,"
snapped Frances' mother. "Now, you
poor thing, don't be so tragic. Som-
mers will go in a day or so, and in a
few weeks he may be ordered to the
north pole or the equator or goodness
knows where. At any rate, he'll be
out of her way and yours. See her to-
night. Talk with her. Let her see
how you feel toward her. Now is a
good time. She's coming back. I'll
leave you."

But it was the butler instead of
Frances, as expected, that entered the
room.

"Filkins, where is Miss Durant?"
asked Pinckney sharply.

We Do House Painting

Our workmen are all old, experienced and reliable mechanics, and all our
materials are fully guaranteed, so we CAN and DO guarantee all our work.

Why We Advocate Fall Painting

Because in the fall the weather is more uniformly warm and sunny and more settled.
Because in the fall paint can be more successfully applied than in damp, cloudy or unsettled weather.
Because in the fall there are usually no dust-laden, insect carrying winds.
Because in the fall the wood is dry and the paint penetrates deeper, securing a firmer hold on it.
Because in the fall a paint application dries harder, more naturally and consequently will wear longer.

shut off with the heavy hall doors, was
the lighted house. In front, far be-
low, showed the bright windows of
the steel works, where the night shift
toiled. Now and again, at irregular
intervals, the sky was lighted with a
sudden glare of the huge chimneys
that blazed up and then died abruptly,
leaving the night blacker than before.
For a time they stood looking out at
the distant lights and the silence. At
last it was the girl who spoke.

"And tomorrow night you will be
down there toiling, watching, waiting,
as they forge the gun which is to make
your fame," she said softly.

"And you?" he asked, just as low.
In the darkness she looked up at him.

"And I," she said—"I shall be up here
just where I am now, watching the
lights and thinking and praying that
all will be well."

Again they stood in silence for a
time.

Then the man sighed.
"I am afraid to come back again," he
began unsteadily. "I think I had bet-
ter say goodby to you tonight."

WYETH'S SAGE AND SULPHUR HAIR RESTORER

The Only True Hair Restorer, Tonic and Rejuvenator

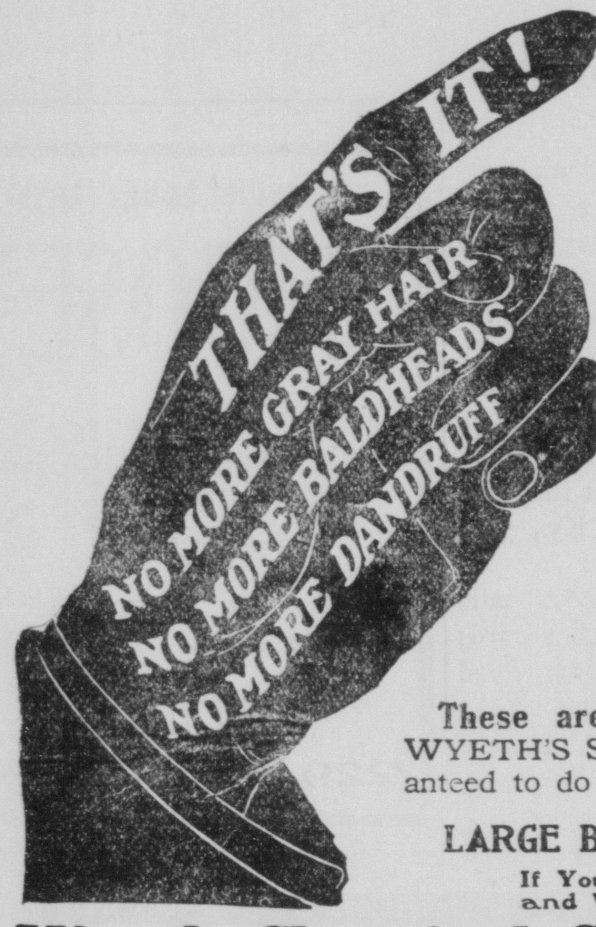

ALMOST A MIRACLE

My hair was as white as snow when I commenced using Wyeth's Sage and Sulphur Hair Restorer. One bottle restored my hair to its natural dark brown color. As I am now 70 years old, I consider the result most remarkable. It is an agreeable and refreshing hair dressing, keeping the hair soft and glossy, without being in the least greasy or sticky.

MEANS THE LOSS OF MANY VOTES

Turks and Syrians Barred From Citizenship.

A COMPLICATED SITUATION

At Michigan City and Laporte For Years the Turk and Syrian Vote Was Coddled by Politicians and Persons of These Nationalities Rose to High Place in Local Political Councils—A Federal Order Has Just Been Received by the Clerk of Laporte County Barring Such From Citizenship.

Michigan City, Ind., Oct. 9.—Notice has been received from George A. Crutchfield of Chicago, chief examiner in the naturalization service of the department of commerce and labor, by Clerk Veal of the Laporte county superior court in this city, that the government would resist applications of Turks and Syrians for naturalization. The notice is similar to that received at Laporte recently, but the reason of the government is made more plain.

The chief examiner says that it is the opinion of the department of commerce and labor that an Asiatic is not a white person within the meaning of Section 2169, as amended, of the United States revised statutes, and is, therefore, not eligible for citizenship. He inclosed with his notice a mass of correspondence and memoranda relating to the statute he cites, and he asks that they be laid before Judge H. B. Tuthill of the superior court, so that he may be apprised of the views of the department when the applicants appear in court.

One of the memoranda declares that the laws of the United States do not extend to Asiatics the privilege of becoming naturalized citizens of the United States. In one of the opinions cited the declaration is made that "The general policy of our government in regard to the naturalization of aliens has been to limit the privilege of naturalization to white people, the only distinct departure from the general policy being soon after the civil war, when in view of the peculiar situation of the inhabitants of this country of African descent the laws were amended so as to permit the naturalization of Africans and aliens of African descent."

There are two petitions for naturalization pending in court. One of the applicants is a Syrian and the other is a Turk. A representative of the department will be here to examine the petitioners in open court.

This city has about 150 Syrians and Turks of voting age, mostly Syrians, and nearly all of them have made their declarations of becoming citizens of the United States. They came here within recent years and they were coddled by the local politicians for their votes. A similar case arose in Laporte last week when a government representative resisted the application of a Michigan City Turk named Abraham to become a naturalized citizen.

WANTS COSTLY TROPHY

An Echo of Fatal Automobile Race at Indianapolis Speedway.

Indianapolis, Oct. 9.—The Jackson Automobile company has filed a suit in superior court against the Indianapolis Motor Speedway company to mandate the company to present it with the \$10,000 cup which was the prize in the 300-mile race on the program for the August meet in this city. The race was not finished owing to the three accidents which caused the deaths of two spectators and a mechanic. The Jackson company brought suit several weeks ago to obtain the prize and asked for \$100,000 damages because the prize had not been awarded. The Jackson machine was in the lead when the race was called off by the referee.

Fell Asleep Near Track.
Kokomo, Ind., Oct. 9.—Paul Thiel, aged twenty-seven, of New York, was instantly killed by a Pennsylvania passenger train south of this city, Thiel, who was a baker, was en route from Cincinnati to Chicago. He fell asleep near the railroad track and it is believed was struck by an iron step projecting from the cab of the engine.

Convicted of Arson.
Marion, Ind., Oct. 9.—A jury in the circuit court returned a verdict finding Frank Brown, a mulatto, guilty of the charge of arson. In a former trial Brown was found guilty of second degree murder and sentenced to life imprisonment, the body of Mrs. Rosa Ricks having been found in the burned barn.

They Blame Bootleggers.
Sullivan, Ind., Oct. 9.—That the fire which wiped out the business section of Dugger, a mining town, was started by bootleggers, who had been angered by threats of the temperance element to prosecute them for illegal selling, is the general belief here and is the chief topic of conversation since the fire.

In a pistol duel at Lake Butler, Fla., C. A. Rich and John Parker were both killed.

The President Deeply Impressed.
Glacier Point, Cal., Oct. 9.—President Taft arrived here last evening. The drive from Wawona, where he spent the day visiting the Mariposa big tree groves, was over twenty-six miles of mountain road, and the president was ready for bed immediately after dinner. The president was deeply impressed with the immense trees.

OPPOSING ANY COMPROMISE

King Edward's Cabinet Is Not In Line With Him.

THE CONSTITUTIONAL CRISIS

Certain Members of the Government Are Unalterably Opposed to Making Any Compromise With the House of Lords—It Is Also Strongly Asserted That No Amendment to the Budget by the Upper House Will Be Entertained—The Dissension Is Now on the Verge of a Most Grave Conflict.

London, Oct. 9.—Any compromise such as has been suggested by King Edward to prevent a constitutional crisis over the budget, is opposed by at least some members of the cabinet. Winston Spencer Churchill, president of the board of trade, speaking at the National Liberal club, declared that the government would make no overtures to the house of lords and accept no compromise, and that no amendment to the finance bill by the upper house would be entertained. The house of lords, Mr. Churchill added, had no right to interfere in any way with the financial business of the government, directly or indirectly, and that the Liberals, having a united party and a resolute prime minister, were ready for the conflict if it were forced upon them.

Lord Loreburn, lord high chancellor, who followed Mr. Churchill, said he refused to believe that the house of lords would take a step which would lead to a most grave conflict and at the same time place the finances of the country in a state of disorder so far-reaching and serious that few persons who had not studied the subject really appreciated the evil.

Mr. Birrell, chief secretary for Ireland, in a speech at Bristol, declared that the Irish land bill was as important as a budget, but he believed the house of lords would pass the budget. Premier Asquith has had another lengthy consultation with King Edward.

Wound Terminated Fatally.
Martinsville, Ind., Oct. 9.—John Hobson, a negro burglar, who was shot at Paragon on the night of Sept. 30 by Vandalia railroad detectives while attempting to break in the station, is dead in jail here.

Conference Expels Minister.
Cowden, Ill., Oct. 9.—The Central Illinois conference of the Free Methodist church adjourned here after expelling the Rev. J. H. Flower of St. Louis for alleged conduct unbecoming a minister.

BIG CROWD AT TODAY'S GAME

With the Attendance at the Opening Game of the Championship Series Yesterday Exceeding All Records in a Championship Series the Crowd This Afternoon Seems Fully as Large—Detroit's Determination to Retrieve Yesterday's Loss Promises to Make Today's Game a Bitterly Fought Contest.

Pittsburg, Oct. 9.—The intense interest which has been aroused here over the championship series of ball games between the Pittsburg Nationals and the Detroit Americans is not a whit abated today, and the second game of the series this afternoon is being witnessed by as great a crowd as that which broke all records of attendance at yesterday's opening game, which Pittsburg, the National League champions, won by the score of 4 to 1. After the early innings Detroit was outclassed in every department of the game, although in the first three sessions the American Leaguers outplayed their opponents.

An immense crowd—29,265 paid admissions—a new record for attendance in a world series game, witnessed the exciting battle. Every available inch of space at the immense amphitheater was filled and when Empire Johnstone called "Play ball," there did not appear to be room for one more. The great majority of the spectators were Pittsburg supporters, but a large delegation of Detroit enthusiasts made a creditable showing with plenty of noise in the early innings.

Secretary William Locke of the Pittsburg baseball club last night announced that 29,577 tickets had been sold for the game and that 29,264 paid admissions were received at the gates. The total receipts of the game were \$40,271.50, which, according to Secretary Locke, would be divided as follows: To the national commission, \$4,027.15; to the players, \$21,746.61; to each club owner, \$7,248.87.

Manager Fred Clarke and Tommy Leach were the stars of the Pittsburg aggregation. It was Clarke who broke the apparently impregnable wall of Mullin's wonderful pitching with a smashing home run into the right field bleachers in the fourth inning and tied the score. This smash appeared to take all the heart out of the Detroit team and scoring was comparatively easy for Pittsburg after that.

Leach's sensational catch of a terrific drive from Ty Cobb's trusty bat with two Detroit men on bases in the seventh inning saved the game. Leach was playing deep for Cobb, but this drive went almost to the center field stand, and it was only after a hard backward run that the diminutive star was able to make the thrilling catch.

Both George Mullin and Charles Adams pitched admirably and Mullin allowed only five hits, while the Pittsburg youngster was hit safely six times. Adams was unsteady in the opening round when he gave two bases on balls and allowed two hits. After that he steadied and Detroit was not able to get more than one hit in an inning.

Mullin was a complete enigma to the locals during the first three innings, when he did not allow a hit and gave but one base on balls. He had retired two Pittsburg men in the fourth when Clarke made his corking home run. Delephanty made a ridiculous error at the beginning of the fifth inning and Abstein made three bases on it. This was followed by a two-bagger by Gibson, and another error by Bush gave Pittsburg two runs and the game. It was not Mullin's fault, however, as he pitched a remarkable game throughout.

In the fifth inning Mullin hit Byrne in the head with a pitched ball, and it looked for an instant as though he had knocked out the little third baseman. The crack of the ball against Byrne's head could be plainly heard, and as he sank to the ground a murmur of sympathy arose from the crowd. After a few minutes he was able to get up and trotted to first base.

Pittsburg played with machine-like precision all the way and never appeared at a loss to know what to do. In the field the work of the winners fairly shone at times. Byrne and Gibson starred with clever bits of fielding.

The presence of the leading batter of each league—Cobb and Wagner—created great interest and the work of both men was closely watched, as many bets have been made as to which will hit the better during the series. Wagner had the better of the hitting of the game, as he made a two-bagger and was hit in four times up, giving him an average of .333. Cobb failed to make a hit, as Leach robbed him of what was almost a certain three-bagger. Cobb was up four times and drew a base on balls, and scored Detroit's only run. Cobb also stole a base in the fifth inning, and it was on this play that Wagner made a remarkable one-handed scoop of Gibson's low and wide throw. The play was close and the Pittsburg men disputed Umpire O'Loughlin's decision for some time before they would continue the game.

LAW'S DELAY IN SQUIRE'S COURT

Cases of Guffin vs. Stuttle Will Finally be Given a Hearing in Manilla Thursday.

GIVEN CHANGE OF VENUE

As an example of the law's delay which is being agitated by newspapers over the county and by the people in general the cases of Guffin vs. Stuttle in the squire's court might be used. After more than a month of lawing the suits will be given a hearing in Squire Smart's court in Manilla Thursday.

The suits, one for possession and the other on an account, were set for trial about September 1st, in Squire Kratzer's court. After a few continuances a change of venue was granted to Squire Smart's court in Manilla on the argument that the defendant could not get a fair trial in Rushville township. There the case was continued again and was finally sent back to Squire Jackson's court on a motion for a change of venue. Then after the suit was about to be tried here it was found to be impossible after it had been sent out of Rushville township on the plea that a fair trial could not be had. Sexton & McColgin are the attorneys for the defendant and Watson, Tittsworth & Green represent the plaintiff.

RE-ELECTED.

All the old officers of the Rush County Farmers' Insurance company were re-elected at the annual meeting this afternoon.

SISTERS REMEMBER PAST GRAND CHIEF

Mrs. Della Dunn Surprised by Visit From High Officials in Pythian Sisters.

THEIR PRESENTS APPRECIATED

Mrs. Della Dunn, a past grand chief of the Pythian Sisters, was pleasantly surprised at her home in West Third street last night. Mrs. Dunn is suffering from rheumatism and was unable to attend the session of the grand temple which closed in Indianapolis yesterday. She was the only one of the nineteen past grand chiefs who could not attend the session, and some of the past grand officers came to this city last night and remembered Mrs. Dunn with several handsome presents. They brought her a beautiful bouquet of flowers and a basket of fine fruit. Mrs. Dunn appreciated all this but the present she appreciated more than anything else was \$25 in gold which was given her by the grand temple.

Those who came down last night were: Mrs. Alice Gilman, Mrs. Mollie Fechheimer of Terre Haute; Mrs. Hattie Ryder, Mrs. Dr. Mabel Teague and Master Harry Teague, and Mrs. Mary Manson of Indianapolis, all past grand chiefs; Mrs. M. Josie Nelson, supreme mistress of records and correspondence of the Pythian sisters, and also treasurer of the National Council of Women. Mrs. Nelson's home is in Union City.

VERDICT FOR PLAINTIFF

In the ejectment suit of Elwell vs. Gutherie, Squire Kratzer today returned a decision for the plaintiff and allowed the defendant one week to move off the farm.

PAST OFFICERS ARE RE-ELECTED

Only Two Changes Made by the Rush County Sunday School Association at Convention.

A NEW SECRETARY-TREASURER

At the twenty-sixth annual convention of the Rush County Sunday School Association held in Milroy yesterday, practically all of the old officers were re-elected. Miles Cox was chosen secretary-treasurer to fill the place formerly held by James Lock. Mrs. C. H. Gilbert was elected superintendent of the elementary grades, which was formerly held by Miss Hallie Haehl of Manilla.

The other superintendents of departments who were re-elected are: Teachers' Training, Prof. O. S. Hoskinson of Carthage; Home Class, Mrs. May Wellman of New Salem; Adult Class, Prof. J. H. Scholl; Missionary, Mrs. Rush Budd; Temperance, Mrs. Laura Leonard of Arlington. The other officers are: J. Oscar Parker of Carthage, president; and A. E. Martin and E. E. Hungerford, vice presidents.

GREEN GOODS CASE GOES TO FAYETTE

The Grand Jury Case Against Philip Daubenspeck and Others Filed at Connersville.

DOCUMENTS ARE NUMEROUS

An echo of the notorious green goods case, which involved some of Rush county's most prominent business men, reached Connersville Friday, when a suit against Philip Daubenspeck, venued from Rush county, was filed with the county clerk, says the Connersville News.

The suit is brought by the State and is based on an indictment returned by the last grand jury of Rush county. The indictment sets forth that Mr. Daubenspeck, with the help of others, separated Stamper White from about five thousand dollars.

The trial of the case was begun at the last term of court in Rush county, but a motion for a change of venue was made by the defense. The reasons for this step are many and various. The documents touching on the case, which were filed by the clerk Friday, are of such mass that only the most general trend of their contents could be gathered by brief reading. The case will probably call an interesting array of legal acumen over from Rushville when it comes up for trial.

LADY MAUD C. EQUALS A WORLD'S RECORD

By Pacing Three Fastest Heats Ever Made by a Mare in a Race Yesterday.

AT THE ILLINOIS STATE FAIR

Lady Maud C., who was trained by Dick Wilson here all spring, equaled a world's record yesterday in the free-for-all pace at the Illinois State fair at Springfield, by pacing the three fastest heats ever made by a mare in race. Citation was the only real contender, the other horses who have been entered in the free-for-all paces over the grand circuit this season racing at Lexington, Ky., yesterday.

Lady Maud C. paced the first mile in 2:03 1/4, equaling her own record; the second in 2:02 1/2, and the third in 2:03 1/4, the total of the three heats equaling the world's record made by The Broncho at Cleveland, August 3, 1906.
